TOMBSTONE, COCHISE COUNTY, ARIZONA--SUNDAY, JULY 20, 1913

NO 23

NO ATTACKS AT GUAYMAS

State Troops Not Anxious to Continue
Fight at Guaymas Until Reor-
ganization is Effected

RESIGNATION REPORT CAUSES GENERAL STIR

A Nogales dispatch says:
Indications today are that it will be
many days before the campaign of
war will be resumed at Guaymas. In
fact, it is stated on good authority
that the state troops are not likely to
resume the campaign until after they
have settled some difficulties which
have recently developed over the re-
ported intent of Governor Maytorena
to resign. The report that such a
resignation would be forthcoming at

once placed a number of a-pirants in
the field for the governorship, and
when Maytorena gave it out that he
had no intention of resigning, the
plans of the acting governor at the state
capital were somewhat upset, making
it necessary for a conference of lead-
ers at Hermosillo, not only to con-
sider the governorship situation, but
to formulate an entirely new cam-
paign in the Guaymas country.

Wire Experts Treated to Electric Display in Honor of Visit to City

Two "live wires" were run into
Tombstone yesterday afternoon. Hugh
McPhee, district commercial superin-
tendent of the Western Union Tele-
graph Co., with headquarters in Los
Angeles, and S. E. Leonard, represent-
ing the Mountain States Telephone
Co., hailing from Denver, were pas-
sant visitors to this office.

As if by appointment, an electrical
storm came on, and we insisted that
the phenomena had been scheduled
especially for the entertainment of our
visitors. They were delighted over
the vivid stunt that portrayed so gen-
erously the Tombstone way of "doing
things" and pronounced their recep-
tion as being greater than they antici-
pated. Although the air was sur-
charged with the fluid in which they
deal, the gentlemen failed to take
specimens of the Arizona kind along
with them. But they feel in love
with Tombstone and ordered that the
weekly EPITAPH be mailed to their
respective homes.

Pima County Adds 300 Names on Referendum Petition Against County Seat Removal Legisla- tion

The Tucson Citizen says:—
Three hundred names have already
been placed on the referendum peti-
tion for the county seat removal bill
now being circulated here by G. W.
Pittcock at the instance of Cochise
county people, and it is anticipated
that 300 more will be secured.

A H. Gardner, of Tombstone, who
has been here most of the week on
business connected with the petitions
being circulated over the state, leaves
Friday night for Globe.
He states that as the defects of the
bill are explained, the number of signa-
tures to the petitions increases.
He says he has received petitions from
Cochise, Coconino, Pima, Gila, Mari-
copa, Santa Cruz and Pinal counties,
and expects at least one petition from
every other county in the state.

Gasoline War On in El Paso

At El Paso, gasoline may go to 16
cents before the end of the week.
Naptha has dropped to 14 cents and
kerosene is selling for 9 cents, which
is a drop of 3 cents a gallon. This is
the result of a war among gasoline
and naptha dealers in price cutting at
El Paso.

FOR SALE CHEAP—Or to bor-
row money on eight acres of good
land at St. David. Artesian well and
under irrigating ditch. Clear of debts.
Guaranteed deed and title. Address:
J. A. SAKOW, Santa Monica, Cal. J18
—Adv.

It is estimated that twelve former
Biebesites will sail for England on
the Muratania, which clears from
New York on July 23.

INFORMATION WANTED—Of
Damien Lorraine, who left the county
of Two Mountains, Province of Quebec
Canada, about 42 years ago is asked
for by his nephew, Francis X. Lenthier
Caché Bay, Ontario, Canada. M8
—Adv.

METHODIST
Sunday School 10:00 a. m.
Epworth League 7 p. m.
All are invited.
TREYOR ORTON, Pastor.

No More Falling Hair, No More Dandruff

Nearly every one has dandruff, and
must reconcile themselves to the idea
of becoming completely bald or resort
to the use of Newbro's Herpicide.
The manufacturers have absolute
faith in Herpicide to remove all
traces of dandruff. So perfect is this
belief that all dealers are instructed
to sell the preparation with a "money
back" agreement.

Such supreme confidence is the best
evidence in the world of the merit of
Herpicide. They know the result,
hence the guarantee. It protects the
purchaser.

Used as directed, Newbro's Herpi-
cide eradicates dandruff and prevents
the hair from coming out. It stops
itching of the scalp, which is so dis-
agreeable.

Newbro's Herpicide in 50c and \$1.00
sizes is sold and guaranteed to do all
that is claimed. If you are not satis-
fied your money will be refunded.
Recommended and applications
made by the best barbers and hair
dressers.

ED. R. FLACH
Special agent.

Shillman and J. J. Muirhead, debt \$161.

Tombstone Town Topics Tersely Told Visitors to City; Local and Personal Items of Interest

John Foster, well known here, will
leave Bisbee for points in the north of
the state on business for the state
bankers association. The break in
his wrist is knitting well, but he ex-
pects to carry his arm in a sling for
about three weeks longer.

The work of making the duplicate
assessment rolls is in progress and a
force of assistants under the super-
vision of Clerk Karger are at work on
same which must be completed by the
third Monday in August.

The San Pedro valley is booming.
In the district around Hereford at
least 75 families have moved in dur-
ing the last six months. All are per-
manent settlers and have started
about putting their land under cul-
tivation. There are many houses and
buildings going up and, in fact, the
valley is experiencing a regular build-
ing boom. The lean crop is going to
be a good one this year.

Little Tony Toner, of Bisbee, whose
skull was fractured last week by the
kick of a horse, is reported as doing
well at the Copper Queen hospital.
Immediately upon being brought to
the hospital a delicate operation was
performed to raise the splintered bone
so that it would not press on the
brain and this has apparently been
successful.

See the display of knit underwear
at Stock's. Prices during this sum-
mer sale ranging from 15c to 35c.

John Sabin returned to Mesa today
after a several days business visit in
this city.

Walter Douglas, general manager
of the Copper Queen, W. H. Brophy,
general manager of the Phelps Dodge
store interests in Bisbee, and E. E.
Ellinwood, chief counsel of the Phelps
Dodge Co., were in the city today with
reference to legal steps on citizenship
papers. The distinguished party re-
mained but a short time at the
court house, returning via auto to
the big copper camp.

Mrs. M. Davis was an outgoing pas-
senger this morning on a visit with
relatives and friends in Phoenix.

Mrs. Bob Reed, wife of Deputy Sher-
iff R. D. Fairbank, is visiting in the
city with relatives and friends.

Deputy Clerk Wilson, of the super-
ior court, is spending his vacation in
El Paso with friends.

A summer sale of knit underwear is
now on at Rock's store. See the dis-
play and low prices from 15 to 35c.

A McMinn of Tucson will start on
the circuit of the fair August 1 with
his herd of 18 registered Ayrshires.
He will show in Sacramento, Port-
land and North Yakima, Wash., and
will return in time for the Southern
Arizona fair, from there he will take
in the state fair at Phoenix and then
go on to Fort Worth, Texas.

ARIZONA NEWS OF INTEREST

Newsy Notes From All Over Arizona Carefully Condensed for The Prospector Readers

Two important cattle deals were
closed in Prescott for the past week.
M. H. Campbell sold to Joe Roderick
for \$25,000 all his range rights and
livestock in the Walnut Grove section.
Shortly after acquiring the Campbell
interests, Roderick disposed of the
same at an advance of \$5,000 over the
price he paid. Harry S. Knight was
the second buyer. Arthur Heath, of
Camp Verde, has sold to Edward
Winfield a band of several hundred
head of cattle. The price is withheld.

A complete transfer of all his range
interests in Yavapai county has been
made by W. D. Webb, the cattleman of
the western part of the county, now
serving a term in prison on a charge
of grand larceny, to Oscar Connell.
The assignment includes all cattle,
horses, range rights and personal in-
terests in the vicinity of Anvil Rock,
and also interests in an agreement
entered into with Cliff Bogard in
which cattle and range holdings are
specified.

The A & N M passenger station,
now in course of construction, is to be
a model of beauty. This building
will be one of the most imposing sta-
tions in Arizona, no expense being
pared to make of it a building that
will accommodate the present traffic,
and increased traffic that the future
growth of Clifton will bring. The de-
signers, while not sacrificing utility
to appearance, still have designed a
building that will excite the architec-
tural admiration of the beholder.

F. N. Flynn, metallurgist for the A
C Co. Ltd., has returned to Clifton
after an absence of three months dur-
ing which time he visited the big re-
duction plants in Montana, Utah and
Idaho. When the new smelter is
blown in Mr. Flynn will take the po-
sition of general superintendent.

An American cattleman named
Wilson who is well known in Douglas
has been released from custody after
having been held by the constitution-
alist at Basarac as a prisoner for
some time on the charge of having
furnished arms to the federals. Those
who know Wilson and are acquainted
with the facts, say he simply sold a
rifle to a Mexican who later entered
the federal service.

A party of ranchers and business
men from the Palo Verde valley were
over the old river road from Blythe to
Calzona last week and after a careful
inspection decided to put the highway
in shape for freighting before the first
of October.

Manuel Molina of Nogales and
Leonardo Garcia, of Yuma were
killed in the premature explosion at
the dam a few days ago. Each leaves
a wife and family. W. E. Hansen, the
coroner at Bard held the inquest.

Some of the richest and most
promising ore ever mined in the Je-
rome district is being taken from the
Arkansas & Arizona mine. It is com-
ing from the south drift from the 1400
foot crest. The 1400 foot crestout
is within 35 feet of being under the
shaft and where they will cut the sta-
tion. When this station is completed,
sinking and raising will be started.

Chamberlain's Cough Remedy
Cures Croup, Whooping Cough,
Sore Throat, Bronchitis, Asthma,
and all Coughs.

UNCLE SAM INSTALLS WIRELESS

System Put In Along Arizona Border
to Keep U. S. Troops Posted of
Movements on Patrol Duty

TWO WIRELESS STATIONS NOW IN OPERATION

A Nogales dispatch says:
Three sets of wireless apparatus are
being installed by the U. S. army sig-
nal corps at a point west of here. It
is understood that a central tax sta-
tion will be established at Nogales
with still other stations along the bor-
der as far east as Bacol. The wire-

less is intended to facilitate the trans-
mission of messages between the
troops of the border patrol on duty
along the Sonora Arizona line.
Don't forget the summer sale of
knit underwear at Rock's.

International Squabble Over Ari- zona Incident Turns Out to be a Juvenile Joke

The fourth of July flag incident at
Tucson was minimized by the investi-
gation committee by Frederick Sim-
pich, American consular agent at
Nogales. The hauling down of the

Mexican flag from the Mexican con-
sulate was described as a "juvenile
prank."
Chamberlain's Cough Remedy
Cures Croup, Whooping Cough,
Sore Throat, Bronchitis, Asthma,
and all Coughs.

Sale of Large Sonora Cattle Ranch Holdings Near Arizona Line --Price \$125,000

Judge D. A. Richardson of Douglas
is in El Paso to make final arrange-
ments for the purchase by S. B. Bassett
and associates, of Roswell, N. M., from
L. B. Booker of El Paso, of the big
120,000 acre ranch which adjoins the
Elas Hernandez ranch, 35 miles
southeast of Douglas, in Sonora. The
legal transfer of the property will
take place within a few days, Judge

Richardson representing the pur-
chaser. The consideration is \$125,-
000 cash. The new owners will stock
the ranch at once with cattle.

Ten dollars a day easily made by
local agent. Write for full informa-
tion at once. Arizona Sales Agency,
Phoenix, Arizona.

The Rain in Tombstone Was the Heaviest Experienced in Many Seasons--The Elements in Action

"A war among the elements" head-
ed above the city last evening and,
on collision underneath the skies,
Contenting clouds come together and
battle for right of way! Low rumbl-
ing and high explosives, accompanied
by a panoramic display, beautiful to
behold startling in excellence of "tag-
ging" is about the way a young jour-
nalist would report the rainstorm that
visited Tombstone last night. But
as the PROSPECTOR is modest, conserva-
tive and trustworthy, we will simply
make the statement that the heaviest
rainfall of the season occurred when
two ominous clouds, heavily laden
with water and hailstones, lazily drift-

ed above the city last evening and,
working their respective ways in op-
posite directions, collided, with the
result that we were treated to a grand
heavenly downpour. The earth be-
came thoroughly saturated; the ar-
royas in the vicinity of Tombstone
became so swollen that they roared
"from pain of congestion and cried for
an outlet. The city was drenched
to perfection, the streets were cleaned,
the trees and shrubs invigorated, and
even the most pronounced pessimists,
the s of morose inclination and dis-
position to kick, are heard the obser-
vations, that "we had a dandy
rain last night."

Arizonan Who Struck it Rich Dies Penniless--Fortune From Sale of Mine

Joe Moro, discoverer of the Swans-
on lead at Prescott. Although a suc-
cessful man of early days, his last
illness was attended with facing con-
ditions of extreme poverty.

For over a quarter of a century he
prospected in every section of the
state, making a good sized "clean-up"

at times but which was later expend-
ed in his ambition to secure a "home-
state" that was never realized in the
magicalude desired.

He was a native of Italy, and in all
his relations was an upright man,
with a free hand to the needy and a
good citizen.
